Property Overview

This 94-acre site is located less than 4 km from Highway 401 and is on the banks of the Trent River. The site was previously used as a pulp and paper mill, all production and manufacturing buildings have been demolished and lagoons have been decommissioned and back-filled. Storm water holding tanks and maintenance shops remain operational. The site offers a direct rail spur to the CP main rail line, and the current 15.5 Megawatts of power servicing the site will remain available for the next user. Zoned GM, permitted uses include warehousing, general industrial use, bulk fuel depot, and transportation terminals. The size and shape of the site will allow for a phased redevelopment with a range of options for site configuration. The property represents a rare opportunity to acquire a site of this scale in a location with proximity to major markets.

Total Area: *Currently 94 Acres

*Approx. 60 acres of the site is usable and remaining 34 acres is an active, non-hazardous dump site with available capacity for onsite disposal of materials used in production or site remediation.

Zoning: General Industrial (GM)

Highway Access: Less than 4km from Highway 401

Rail Spur: The site offers a direct rail spur to the CP main rail line

Permitted Uses Include:

- General Industrial use
- Bulk fuel depot
